

**SCOTT M. GRAFFIUS TAKES FIRST PLACE IN BUSINESS AT BOOKVANA BOOK AWARDS
WITH "AGILE SCRUM: YOUR QUICK START GUIDE WITH STEP-BY-STEP INSTRUCTIONS"**

Los Angeles, CA — The 2017 Bookvana Awards named *Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions* by project management expert and consultant [Scott M. Graffius](#) as the winner in the Green/Conscious Business category. The awards program honors publications that cultivate and elevate our business and personal lives. The competition is open to English-language books

from small, medium, large, and independent presses as well as self-published authors. A panel of publishing industry experts judged entries, and outstanding books are celebrated with awards.

There are a variety of frameworks to develop products and services, and most methodologies fall into one of two broad categories: traditional or agile. Traditional practices engage sequential development, while agile approaches involve iterative and incremental deliverables. Organizations are increasingly embracing agile to best meet their business needs and successfully manage projects.

Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions provides those interested or involved in innovation, project management, product development, software development or technology management with an authoritative roadmap to easily and quickly implement Scrum, the most popular agile project development and delivery framework. It encompasses a powerful set of principles and practices that help teams deliver products in short cycles with rapid adaptation to change, fast time-to-market, and continuous improvement.

Reactions to the publication have been incredibly positive. Earlier honors include nine first-place wins: the 5th Annual Beverly Hills International Book Awards (for Business-General, and for Technology), 2016 London Book Festival (for Business), Fall 2016 Pinnacle Book Achievement Awards (for Business), 2017 Feathered Quill Book Awards (for Informational), 2016 New Apple Book Awards (for Technology), 2017 Independent Press Award (for Technology), 11th Annual National Indie Excellence Awards (for Technology), and the 2017 Pacific Rim Book Festival (for Business).
