**LOS ANGELES AUTHOR SCOTT M. GRAFFIUS
TAKES FIRST PLACE IN BUSINESS AT THE PACIFIC RIM BOOK FESTIVAL**

Los Angeles, CA — The 2017 Pacific Rim Book Festival named *Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions* by project management expert and consultant [Scott M. Graffius](#) as the winner in the Business category. The annual competition is open to

works from small, medium, large, and independent presses as well as self-published authors. Judging was conducted by a panel of industry professionals, and placements were determined based on overall excellence. Winners will be honored at a gala on August 18, 2017 at the Hollywood Roosevelt Hotel, home of the first Academy Awards ceremony. Graffius is scheduled to attend and speak at the gala.

There are a variety of frameworks to develop products and services, and most methodologies fall into one of two broad categories: traditional or agile. Traditional practices engage sequential development, while agile approaches involve iterative and incremental deliverables. Organizations are increasingly embracing agile to best meet their business needs and successfully manage projects.

Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions provides those interested or involved in innovation, project management, product development, software development or technology management with an authoritative roadmap to easily and quickly implement Scrum, the most popular agile project development and delivery framework. It encompasses a powerful set of principles and practices that help teams deliver products in short cycles with rapid adaptation to change, fast time-to-market, and continuous improvement.

Reactions to the publication have been incredibly positive. Earlier honors include eight first-place wins in national and international competitions: the 5th Annual Beverly Hills International Book Awards (for Business-General, and for Technology), 2016 London Book Festival (for Business), Fall 2016 Pinnacle Book Achievement Awards (for Business), 2017 Feathered Quill Book Awards (for Informational), 2016 New Apple Book Awards (for Technology), 2017 Independent Press Award (for Technology), and the 11th Annual National Indie Excellence Awards (for Technology).
