**AUTHOR SCOTT M. GRAFFIUS
RECEIVES FIVE STARS RECOGNITION FROM READERS' FAVORITE**

Los Angeles, CA — [Readers' Favorite](#), an organization recognized by the Association of Independent Authors for consistently identifying excellence in writing, has conferred its best-of-class *Five Stars* designation upon *Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions*. This is author [Scott M. Graffius](#)' debut publication. The Five Stars seal from Readers' Favorite can be seen on the covers of outstanding books from indie authors and as well as those distributed by iconic publishers such as Random House, Harper Collins, and Simon & Schuster.

Readers' Favorite described *Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions* as "the book is excellent," "the instructions are clear cut, making it easy to employ Agile Scrum," and "the book works well for all those who are going to implement Agile Scrum, and for those with no prior experience."

There are a variety of frameworks to develop products and services, and most methodologies fall into one of two broad categories: traditional or agile. Traditional practices engage sequential development, while agile approaches involve iterative and incremental deliverables. Organizations are increasingly embracing agile to meet their business needs and successfully manage projects.

Agile Scrum: Your Quick Start Guide with Step-by-Step Instructions provides those interested or involved in innovation, project management, product development, software development or technology management with an authoritative roadmap to easily and quickly implement Scrum, the most popular agile project management and delivery framework. It encompasses a powerful set of principles and practices that help teams deliver products in short cycles, which enables speedy feedback, rapid adaptation to change, and continuous improvement.

Graffius is President of [Exceptional PPM and PMO Solutions](#), a consultancy specialized in project, program, portfolio, and PMO management inclusive of agile, traditional, and hybrid frameworks. He leverages his expertise, professional standards, and industry best practices to help companies achieve significant business results, such as strategically aligned initiatives, faster time-to-market, upgraded on-time delivery, improved on-budget delivery, higher satisfaction, and greater competitive advantage.

He is a former vice president of a provider of diverse consumer products and services over the Internet including social networking and internet access. Before that, he worked in organizations with businesses ranging from advanced technology products and services to business services, retail, e-commerce, manufacturing, and entertainment. He has experience with consumer, business, reseller, government, and international customer markets, as well as international experience spanning 20 countries.
